*"40 Years of Industrial Safety Excellence"*

**PRODUCT  
CATALOGUE**

# ABOUT US

Devoted to offer you complete safety, **Bangalore Industrial Aids** is a front runner supplier, dealer and distributor of industrial safety equipments for head protection, eye protection, face protection, ear protection equipment, respiratory protection, foot protection, fall protection, hand protection, etc.

It has been dealing in a wide assortment of safety protection equipment, traffic & road safety devices, safety shower & eye wash, first aid , wind indicator and protective clothing to meet client's distinct requirements. The company has been supplying a huge range of industrial safety equipments such as earplugs, gum boots, face shields, goggles, lane dividers, safety showers, roadstuds, reflective jackets, helmets, gas masks, link chains, aprons, safetybelts, road safety devices, welding equipments and all kinds of hand gloves.

The Bangalore based company has attained the top most position in the safety equipments market. Offering excellent services to our valuable consumers has been our main goal, since **1985** in this field. The products supplied by us are ideal solution for industrial safety during any hazardous condition. Quality and performance have been sole direction of our company. Our rich exposure in supplying safety equipments is the only reason that we are able to offer best services and products to our esteemed customers.

We have been making continuous efforts since the time of origin to meet expectations of our valuable customers. Our range of safety products are used in numerous industries like public sectors, and other major industries and MNCs.

## Our Business Associates:

**HEAD  
PROTECTION**

**EYE  
PROTECTION**

**EAR  
PROTECTION**

**FACE &  
RESPIRATORY  
PROTECTION**

**PROTECTIVE  
CLOTHING**

**HAND  
PROTECTION**

**FOOT  
PROTECTION**

**FALL  
PROTECTION**

**. WIND INDICATOR  
. EYE WASH & BODY SHOWER**

**. FIRST AID KIT  
. TRAFFIC & ROAD  
SAFETY EQUIPMENTS**

# PRODUCT CATEGORIES

Safety spectacles that are perfect combination of comfort and safety.  
Also self adjustable to individual head sizes, delivering noticeable higher levels of person's comfort particularly at Industrial and welding works.

Available Brands :

1. 3M 2. KARAM 3. VENUS

**CONSTRUCTION SPECTACLE**

Made with polycarbonate , safety spectacle offers lighter, exceptional Impact & splash protection with excellent vision.  
Lens option - Clear/ Smoked/ Clear Anti-fog

**ELECTRIC - ARC WELDER GOGAL**

Equipped with a Special IR-11 lens and a broad , soft PVC body which provides the wearer a wider protective sealing area. Ideal choice for variety of electric arc welders.

**EXECUTIVE SPECTACLES**

Made with Nylon frame and polycarbonate lens which offer lighter exceptional impact and splash protection with excellent vision.  
Lens option - Clear/ Smoked/ Clear Anti-fog

**POLYCARBONATE SAFETY GOGGLES**

Helps Provide Limited Impact Protection From Flying Particles. Light Weight. Adjustable Temple. Eye Protection Against Dust & Impact. Universal Size.

**OVER SPECTACLES**

To provide safety to those who cannot directly put on a safety eye wear , as they have to wear prescription spectacles , thus over spectacles easily fits over the prescription  
Lens option - Clear/ Clear Anti-fog

**CHEMICAL SPLASH GOGGLES**

Eye wear model to keep your eyes safe from Chemical and liquid splashes .Has a soft PVC shroud which imparts increased comfort to wearer .  
Anti-fog coating on the lens.  
Lens option - Single Clear/ Single smoked

We supply a wide spectrum of head protection equipments like Safety Helmets that are IS-2925 & DGMS marked. These Safety Helmets are made of robust material to ensure complete safety to wearer from any unexpected injury..

*Available Brands :*

1. **3M** 2. **KARAM** 3. **HONEYWELL** 4. **VENUS** 5. **ALKO**

**SAFETY HELMET WITH RATCHET FITTING**

Triple corrugation for enhanced strength. Made up of polypropylene co-polymer. Increased vertical clearance for optimum shock absorption. Extended nape for extra impact protection to the user's neck.

**RATCHET & VENTED**

Industrial Safety Helmet is comfortable, tough and lightweight. Designed with a low profile for stability and balance, helps provide ultimate comfort and protection from falling objects.

**NAPE STRAP SAFETY HELMET**

These helmets are designed while giving special attention to ensure better safety and maximum comfort as they are worn continuously for long durations. It also withstands flame, offers better water absorption and good functionality.

**ELECTRICAL HELMET**

Class E - Electrical Hard Hat, Sleek modern design, 3-level height adjustment for greater stability, balance and retention, Removable, replaceable rear comfort cradle for improved fit and comfort

**BUMP CAP & AIR CONDITIONED HELMET**

- Lightweight Safety hard hat head protection Cap.
- Airconic Air Conditioned Safety Helmet provides thermal comfort to workers along with protection to the head in industrial and outdoor hot/cool environments.

**HELMET MOUNT VOLTAGE SENSOR**

Compact, lightweight, and comfortable design, integrates seamlessly with a hard hat. Instantly alerts the user to the presence of high voltage by emitting a loud alarm and flashing LED indicators.

Ear protection equipment which provide appropriate attenuation of noise in Various Industrial Settings.

Available Brands :

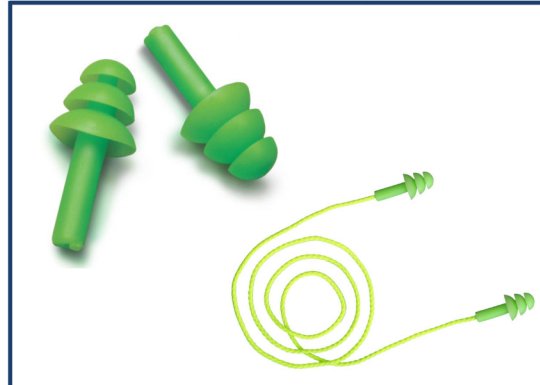

1. 3M 2. KARAM 3. VENUS

**DISPOSABLE FOAM EAR PLUGS**

NRR- 28 dB /SNR - 34 dB

The very soft foam provides comfortable and close fitting seal against harmful noise.

**REUSEABLE EAR PLUGS**

NRR- 24 dB /SNR - 25 dB

Suitable for protection against long term exposure to medium noise levels.

**HEADBAND EARMUFF**

Versatile, over-the-head earmuffs featuring a stainless steel headband for consistent force and effective hearing protection. Recommended for TWA noise exposures up to 98 dBA. NRR 26 dB.

**EAR MUFF CLASSIC**

NRR- 23 dB /SNR - 23 dB

Light weight and comfortable. Special ABS ear cups for durability. Three position adjustable  
Soft cushioned pads for good seal against noise.

**EAR MUFF FOLDABLE DELUXE**

NRR- 23 dB

These come with large space inside cup helps reduce moisture and help in reduction of heat built up. Moreover, it comes with a convenience of easily replaceable cushions.

**EAR MUFF HELMET ATTACHABLE**

NRR- 27dB /SNR -27 dB

Design specially to use with helmets Easy Snap On/ Off Mechanism for Helmet Mounting.

**EAR PROTECTION**

Face protection equipment include variety of face shielding products made to cover the entire face and can be attached to a helmet or other protective device.

*Available Brands :*

**1. 3M   2. KARAM   3. ESCORTS**

**FACE SHIELD**

Material - PPCP & Acrylic  
Color - Clear  
Size - 9 x 12 Inch

**HELMET ATTACHABLE WELDING SHIELD**

Welding Shield certified to be used only in conjunction with a Safety Helmet

**POLYCARBONATE VISOR**

Material - High impact resistant polycarbonate for increased protection.  
Size of Window - 203.2mm x 393.7mm

**WELDING HELMET**

Equipped with a flip up front window that the user can choose to open when not performing an operation.  
Size of Window - 100mm x 75mm

**FACE SHIELD WITH MASK**

Face Shield made of acrylic visor thickness 1.5mm nose mask in center with replaceable or washable filters.

**SANDBLASTING HOOD HELMET**

Fresh Air Line Respirator & Pressure Suit complete with FRP.

Respiratory Protective Equipment range used to protect the individual wearer against the inhalation of hazardous substances in the workplace air.

Available Brands :

1. 3M 2. KARAM 3. VENUS

**DUST /MIST MASK**

**DISPOSABLE RESPIRATORS**  
3 Ply Meltblown Disposable Surgical Face Mask With Nose Clip. Standard earloops designed to filter air contaminants. Complies to IS 16289:2014

**FUME MASK**

Robust shell and cup design that is resistant to collapse for durability. Protects against hazards, such as, dusts, mists and fume. Complies with AS/NZS 1716:2012

**HALF FACEPIECE REUSABLE RESPIRATOR**

Half face piece reusable respirators offer the user comfort and convenience. NIOSH approved cartridge for protection against certain organic vapors or acid gases.

**FULL FACEPIECE REUSABLE RESPIRATOR**

Full Facepiece Reusable Respirator 6000 Series helps provide protection against certain airborne contaminants. Versatile use with particulate filters, gas/vapor cartridges.

**N95 PARTICULATE RESPIRATOR WITH VALVE**

Cool FlowValve reduces heat, moisture and fogging. Protects against certain non-oil-based products. Nose clip for a comfortable fit. No-tangle straps for ease of use. Allows for easy breathability

**P.A.P.R KIT**

Powered Air-Purifying Respirators (PAPRs) can offer comfortable, integrated protection against multiple hazards helping to provide respiratory, head, face, eye and hearing protection.

Safety Gloves protect their hands from all hazards such as those from skin absorption of harmful substances, severe cuts or lacerations, severe abrasions, punctures, chemical burns, thermal burns and harmful temperature extremes.

Available Brands :

1. KARAM 2. HANDCARE 3. MEHUL

The nitrile coating offers protection from oils in addition to good tear and abrasion resistance, Ergonomic fit and conforms to hand shape

This Glove is constructed of unique high cut resistant fiber, which offers strong protection.

It's ergonomic shape and lightly powdered interior make the glove easy to slip on and off. It's natural latex base offers high dielectric characteristics.

100% nitrile/PVC compound gloves for protection against a vast range of oil based chemicals and solvents.  
Diamond finish for superior grip of smaller parts.

100% Kevlar® knitted glove, Lined with one cotton knitted glove, Long knitted elastic wrist, Ambidextrous

Palm made out of cow grain water repellant leather. Gloves lined with polar fleece aluminized. Suitable for liquid nitrogen handling.

Safety shoes comes with the highest level of Ergonomics, combined with Robust looks & highest level of foot protection.

Available Brands :

1. KARAM 2. PROSAFE 3. ALKO

**EXECUTIVE SAFETY SHOES**

(Upper leather and PU Sole) - Made from Buff brown grain leather .Has special breathable Dylex lining .It prevent moisture and perspiration ,providing high sweat absorption property for a dry feel. Also highly resistant to abrasion.

**ANKLE PROTECTION SHOE**

Non Metallic shoe - Ideal for Transmission Industry , Pharmaceutical & Electronic Industry . Composite Toe. Made from Buff crazy horse brown leather and cordura brown .Double density PU/TPU sole for high durability and flexibility. Oil/Acid Resistant , Anti Slip and Heat Resistant with Shock absorbing property , Anti Fatigue.

**DELUXE SAFETY SHOE**

Made from full grain leather .Grey camber lining . Composite toe .Highly abrasion resistant fabric lining .Has smart grey stitching with bonded thread. Oil/Acid Resistant , Anti Slip and Heat Resistant with Shock absorbing property , Anti Fatigue.

**SLIP ON SHOE**

Easy slip on design and cushioned top-line .Made from full grain leather. Highly abrasion resistant fabric lining. Single density PU sole. Oil/Acid Resistant , Anti Slip and Heat Resistant with Shock absorbing property , Anti Fatigue.

**FLYTEX BLUE SPORTY SAFETY SHOES**

Highly breathable, Ultra-light weight and flexible, Extremely comfortable, Provides protection against electrical hazards, 100% metal-free shoe, Equipped with strongest sole bonding.

**PRO AIR 1.2**

Knitted Breathable Textile, Cool Pro + AZO Free Lining, Toe cap - 200 J Steel /Composite/ Aluminum, Sole - PU

Safety shoes comes with the highest level of Ergonomics, combined with Robust looks & highest level of foot protection.

Available Brands :

1. KARAM 2. PROSAFE 3. ALKO

**WORKER'S SAFETY SHOES**

Made from full grain leather .Metal toe. Black Camber lining. Highly abrasion resistant fabric lining. Single density PU sole. Oil/Acid Resistant , Anti Slip and Heat Resistant with Shock absorbing property , Anti Fatigue.

**SMART LACE UP SHOE**

Ankle Protection shoe. Has Bellow tongue which prevents spillage of water and liquids inside the shoe . Metallic D- ring and flat laces for better knotting grip. Has attractive red stitching with bonded thread. Double density PU / PU sole for high durability and flexibility. Oil/Acid Resistant , Anti Slip and Heat Resistant with Shock absorbing property , Anti Fatigue.

**LADIES SAFETY SHOE**

Easy wear ladies safety shoe with Buckle fitment for women .Single density PU sole. Cleated Outsole with wider cleats for higher grip and self cleaning effect . Oil/Acid Resistant , Anti Slip and Heat Resistant with Shock absorbing property , Anti Fatigue.

**PU LOW ANKLE EXECUTIVE SAFETY SHOE**

PU Single Density shoes are specially designed for preventing and protecting feet from injury. This range is relatively light in weight and well suited for more heavy duty work.

**FLYTEX SPORTY SAFETY SHOE**

Smart, stylish and fashionable safety shoe, Ultra-light weight and flexible, Provides protection against electrical hazards, 100% metal-free shoe, Highly breathable, Equipped with strongest sole bonding

**GUM BOOT**

Dual density PVC Gumboot with cotton lining and steel toe cap. Ideal for Agriculture industry , Mining Industry , Oil and gas exploration, Forest Industry.

Protective clothing range protecting the body from external influence like heat, chemicals, mechanical hazards etc. in the form of aprons, coveralls, coats, pants, hats, hoods, sleeves and protective suits.

Available Brands :

1. 3M 2. KARAM 3. HONEYWELL 4. REFLECTO 5. VIZWEAR

High visibility safety reflective vests & belt

We provide aprons, which are an outer protective garment that covers front part of the body. These are available in half or full sleeves made from cotton, PVC, leather, aluminised fabric.

Lab & Anti-static [ESD] Coats for industry use. With the premium quality fabric and in compliance with set industrial norms.

Disposable Tyvek suit for protection against a wide range of chemical threats and hazards. Cotton Coverall & FR Coverall are also available.

Kit Includes : Coat, bib overalls, Pro-Hood, hard hat, Storage Bag , and safety glasses.  
Available in different Arc Cal Rating (8,12,40,100)

Fire fighting/Nomex Suit - Synthetic fiber with heat and flame-resistant features  
Cold room suit - For cold storage / -°C applications  
PVC Suits - Acid/Alkali proof, ideal against chemical splash

We offer a wide range of safety equipment for protection from all kinds of building hazards, whether environmental or otherwise.

Available Brands :

1. DAND 2. FRONTIER 3. FRONTIER 4. ESCORTS

WIND INDICATOR

Wind Direction. As wind passes through the wind sock itself, it indicates the direction of wind.

SHOWER COMBINATIONS

Safety shower & eye wash combination available in both GI & SS. Portable options are also available.

FIRST AID KIT

ROAD SAFETY

Traffic barriers, Flexible traffic cones, Heavy duty speed breakers

ROAD SAFETY

Plastic Chain, Stainless Steel queue posts, Convex Mirror, Corner Guards

MISCELLANEOUS

Light Baton, SCBA, Safety Nets, Barricading Roll

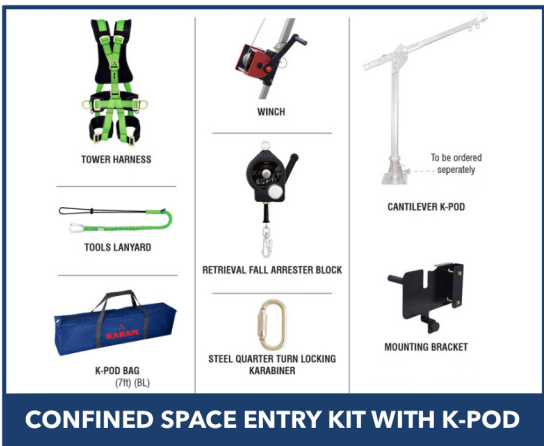

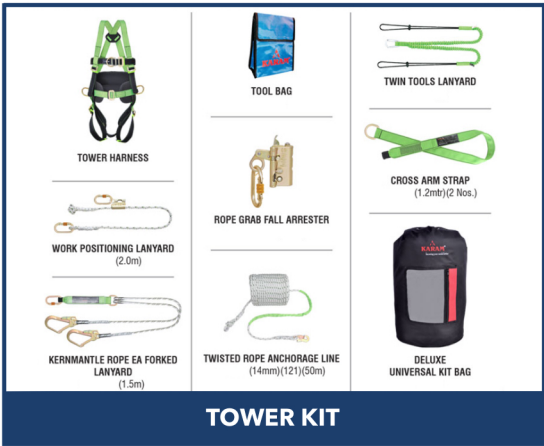

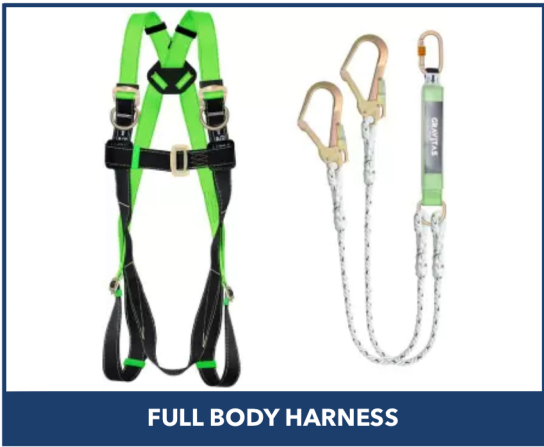

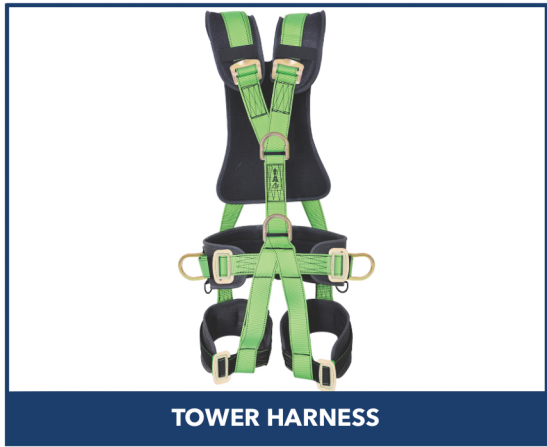

HAZARD PROTECTION

A full Body Harness is the ideal body wear that should be worn by a worker, since it distributes the force of impact incurred in the event of a fall evenly on the thighs and torso region of the body.

Available Brands :

1. KARAM

FALL PROTECTION

# Horizontal Anchorage Lifeline System on Cable Line

PN 4000 (Roof Mounted) is ideal for use on pre-engineered building roofs, fragile roofs, industrial buildings, airports etc.

Available Brands :

## 1. KARAM

EN 795:2012 Type C  
TS16415:2013

### Ref. Horizon PN 4000 (Roof Mounted)

Horizon PN 4000 (Roof Mounted) provides permanent anchorage to max. 4 users who have to constantly move along an elevated horizontal track on the roof.

#### ► IDEAL FOR USE

On pre-engineered building roofs, fragile roofs, industrial buildings, airports etc.

#### ► GENERAL FEATURES

- MOC: Stainless Steel
- The line has a Shock Absorber at one end which reduces the impact of fall both on the user as well as on the extremities
- The Shock Absorber features a tension indicator and a fall indicator.
- Intermediates are required at every 5.0m to 15.0m for longer lines
- Carriage body passes through intermediates without disconnection.
- Variety of roof posts available for different types of roof sheet profiles.
- Certified to EN 795:2012 Type C and TS 16415:2013 (for upto 4 users), IS 3521(Part 8):2021 and ATEX 2014/34/EU

# Horizontal Anchorage Lifeline System on Cable Line

PN 4000 (Floor/Ceiling Mounted) is ideal for use in truck loads/unloading, advertisement bill boards, industrial cranes, over sized machines, reactors, turbines, rail gantries etc.

Available Brands :

## 1. KARAM

IS 3521(Part 8):2021

EN 795:2012 Type C

### Ref. Horizon PN 4000 (Floor/Ceiling Mounted)

Horizon PN 4000 (Floor/Ceiling Mounted) provides permanent anchorage to max. 4 users simultaneously, who have to constantly move along an elevated horizontal track.

#### ► IDEAL FOR USE

In truck loading/unloading, advertisement bill boards, industrial cranes, oversized machines, reactors, turbines, rail gantries etc.

#### ► GENERAL FEATURES

- MOC: Stainless Steel.
- The line has a Shock Absorber at one end which reduces the impact of fall both on the user as well as on the extremities.
- The Shock Absorber features a tension indicator and a fall indicator.
- Intermediates are required at every 5.0m to 15.0m for longer lines.
- Carriage body passes through intermediates without disconnection.
- The system is certified to be intrinsically safe; hence, it is an ideal choice for use in Industries like Petroleum / Petro-Chemical Plants without fear of causing explosion due to any sparking.
- Certified to EN 795:2012 Type C and TS 16415:2013 (for up to 4 users), IS 3521(Part 8):2021 and ATEX 2014/34/EU.

# Vertical Anchorage Lifeline System

PN 7000 is ideal for use at telecom towers, radio & TV mast, power supply & hydroelectric installations, industrial chimney, wind power facility, construction sites etc.

Available Brands :

## 1. KARAM

Ref. Vertex PN 7000

PN 7000 is an integrated solution to arrest the fall of a user who has to constantly climb up and down a ladder.

### ► IDEAL FOR USE

Telecom towers, radio and TV mast, power supply and hydroelectric installations, industrial chimney, wind power facility, construction sites etc.

### ► GENERAL FEATURES

- MOC: Stainless Steel SS 316.
- Permanently installed Stainless Steel Shock Absorber at the top of the line which offers distinct advantage over the textile absorber used in other lines in term of UV degradation and resistance to harsh climate conditions.
- Shock Absorber is constructed of a unique design that helps in easy installation of the system.
- Intermediates to reduce vibration and proper alignment of wire rope at every 10m.
- Certified to EN 353-1:2014+A1:2017, Atex 2014/34/EU, IS 3521(Part 4):2021
